Education

Narula Institute of Technology	2022 – 2026
B.Tech in Computer Science and Engineering (AI & ML)	CGPA: 8.45
Burdwan Town School	2021
Higher Secondary (W.B.C.H.S.E)	79.6%
Kurmun High School	2019
Secondary Education (W.B.B.S.E)	89%

Technical Skills

Languages: C, Java, Python

Web & Frameworks: React.js, Next.js, Node.js, Express.js, Django, Tailwind CSS

Databases: MySQL, MongoDB

Tools: Git, GitHub, JWT, REST APIs

Core: Data Structures & Algorithms, OOPS, DBMS, AI/ML

Projects

AI Chatbot for Gen-Z Connectivity	GitHub Link
- Built full-stack AI chatbot using Next.js, React, Gemini API, MongoDB. - Enabled text, PDF, image and voice input with JWT authentication. - Implemented chat persistence, typing indicator and dark mode toggle.	
Environment Degradation & Jungle Mahal Development (MERN Stack)	GitHub Link
- Developed full-stack MERN application for environmental monitoring. - Designed secure role-based login and admin dashboard using JWT. - Integrated real-time data visualization for pollution tracking.	
Hand Sign Detection System	GitHub Link
- Built real-time gesture recognition using MediaPipe and TensorFlow.js. - Implemented browser-based inference for seamless user interaction.	

Experience

MERN Stack Development with AI Integration – Euphoria GenX	Jun 2025 – Aug 2025
Certificate Link	
- Completed industry-level training in full-stack web development. - Integrated AI-based features into scalable web applications. - Developed REST APIs and implemented secure authentication mechanisms.	

Certifications

• Fundamentals of Artificial Intelligence – NPTEL	View Certificate
• Internet of Things (IoT) Development – Ardent Computech Pvt. Ltd	View Certificate
• SAP Certified - Back-End Developer - ABAP Cloud	View Certificate
